Price: \$20 (paperback) * 192 pages

Anatomy of an Adult Film is a one-of-a-kind, original book, an accurate description of a vast industry, as revealed by inside experts. *Anatomy of an Adult Film* is very entertaining reading.

What people think about *Anatomy of an Adult Film*:

"If anyone knows the pornography business, Sunset Thomas does. She writes about our world of flesh and money with the insight and knowledge of a true insider. Like all great confessionals, *Anatomy of an Adult Film* tells it like it is and keeps it sexy as hell."

--Larry Flynt

"Having known Sunset for almost two decades (more than most people), I can speak with authority when I attest to the fact that no one knows the business better. Having seen it from so many perspectives...actress, contract player, centerfold, cover girl, strip club owner, brothel worker, columnist, etc. etc. (Get the picture?)...her insights are entertaining and valuable. In addition, years after Heidi Fleiss was out of business, Sunset became the biggest adult star to enter the world of escorting. Many others then took her lead and that says a lot. This story makes for a great read."

--Ron Jeremy

"Sunset Thomas has gone where few women have dared to go and has come back with a great tale to tell. Her experience and insight make this an entertaining and fun read, full of the little details that only an insider can render to the reader. If you thought you knew anything about adult films, be prepared for an eye-opening education."

--Nina Hartley

"Once every blue moon, along comes a performer who can intrigue, entice, and excite viewers at every stage of her career. Sunset Thomas, with her all-American, girl next-door charm and uncontainable sexual appetite, has managed to do this and more. Using

her brains and her drive (along, of course, with her tits and ass) she managed to squeeze out of her two decades in the Adult industry more adventures and insight than anybody on the planet could ever imagine. She is incredibly hot, and scandalously talented in more ways than one, and in her book *Anatomy of an Adult Film* she proves it once again, while giving her fans exactly who she is: America's naughty sweetheart"

--Axel Braun
